Career Objective

To benefit my employer using my 3D art skills to create a broad range of models for animation or video games. Broaden my experience in environment and character modeling while contributing to the organization and working toward a decision-making role in terms of game or animation design.

Education

Art Institute of Vancouver, Burnaby, BC: Animation Art and Design Diploma. September 2007

Specialized in 3D environment modeling and design in Autodesk Maya and Pixologic ZBrush. Excelled in digital video editing in Adobe After Effects and Final Cut Pro. Environment modeler and main editor for Art Institute animated short for the CAEAA 2008 Elans Awards.

Walter Murray Collegiate Institute, Saskatoon, SK, High School Diploma. June 2003
